Principles and Processes

Understanding User Needs

Evaluating Designs with Users

UX Design: From Concept to Prototype

UX Research at Scale: Surveys, Analytics,
Online Testing

UX (User Experience) Capstone

May 19, 2025

Mai Thi Thanh Ngan

has successfully completed the online Specialization

User Experience Research and Design

Integrate UX Research and UX Design to create great products through understanding user needs, rapidly generating prototypes, and evaluating design concepts. Learners will gain hands-on experience with taking a product from initial concept, through user research, ideation and refinement, formal analysis, prototyping, and user testing, applying perspectives and methods to ensure a great user experience at every step.

Predrag Klasnja
Assistant Professor,
School of Information

Mark Newman
Professor of
Information and
Professor of Electrical
Engineering and
Computer Science
School of Information
and College of
Engineering
